

FINE ARTS DAY SCHOOL

The McEachern Methodist's Fine Arts Academy, **Fine Arts Day School** meets on Monday's from 9-12 during the school year. Our program is specifically designed for preschool children ages 3-5.

In this exciting class, students get to explore music through our accredited **Kindermusik** program. In Kindermusik, students learn about movement, echoing, rhythms, play acting, and get to experience a wide variety of age appropriate musical instruments.

The **art program**, taught by our certified art teacher, gives the children a "process" based art experience. They can see what happens when colors mix, feel dough in their hands and develop their natural creativity, and let their imagination soar, while also learning the basics of art. Students are able to experience many different types of art media throughout the course.

KINDERMUSIK CLASSES

Our experienced Kindermusik teacher, Amy Hopper, will be teaching several Kindermusik classes in the fall. Check our website for details.

CONFETTI STARS QUILTING

This quilt looks like it was made the old-fashioned way, one square at a time, but who has time for that? These blocks are strip pieced in groups and arranged in such a way that they all look different! Clean out your scrap basket or use a planned color scheme with fat quarters either way you'll be delighted!! **GREAT FOR BEGINNERS!!!!!!!** Starts in September. 4 Thursday evenings.

FINDING YOUR INNER ARTIST

This class gives adults a chance to reconnect or to find their artistic side. Drawing truly is a teachable skill. Our instructor teaches methods to draw out the artist within.

Come and amaze yourself with your talents!

September 10—October 29, 2007
7:30—9 pm

Courses for Everyone

PRIVATE MUSIC INSTRUCTION

We are currently offering Private Music Instruction for Clarinet, Trumpet, Guitar and Piano. **Students of all ages are welcome.** All of our instructors are highly qualified and come to us with a wealth of experience.

Courses for Children

ART IS ELEMENTARY

Art is Elementary is an art enrichment course for elementary aged children ages 6-11. Lessons focus on a wide variety of art skills, techniques and subjects (landscapes, portraits, animals.....). September 10—October 29, 2007 at 6:30 pm. See our web page at www.artsonia.com

Clay Nativities

Using soft, self drying clay, students will create their own Nativity. This 2 week course will include construction of figures, painting and creation of a stable. Join us to make this Christmas decoration that you will cherish for years to come. 12/1 and 12/8, 10 am—noon.

Christmas Classes

Quilted Christmas Stockings

Create a fun patchwork Christmas stocking for Santa fill on Christmas Eve! Two methods of piecing this festive stocking will be offered; a no-fuss method using a fusible foundation and a traditional patchwork method. There will be three 2 hour classes. No supplies needed for the first class. Fabric choice and design decisions will be discussed. Sewing machines and supplies will be needed after the 1st class.

Gingerbread Houses

Learn baking and construction tips and decorating ideas for your, fully edible holiday gingerbread house. We will also learn to use a light inside the house to show the transparent candy windows. The workshop will span two classes of two hours each. Children are welcome to accompany any adult student to assist in decorating.
